¹"In combination" means in combination with one or more other races. The sum of the five race groups adds to more than the total population because individuals may report more than one race.

The April 1, 2010 population estimates base reflects changes to the 2010 Census population from the Count Question Resolution program, legal boundary updates, and other geographic program revisions. The data source for April 1, 2020 is the 2020 Modified Age and Race Census file. For population estimates methodology statements, see <https://www.census.gov/programs-surveys/popest/technical-documentation/methodology.html>. Hispanic origin is considered an ethnicity, not a race. Hispanics may be of any race. Responses of "Some Other Race" from the decennial census are modified to be consistent with the race categories that appear in our input data. This contributes to differences between the population for specific race categories shown and those published from the 2020 Census. To learn more about the "Modified Race" process, go to <https://www.census.gov/programs-surveys/popest/technical-documentation/research/modified-race-data.html>. Median age is calculated based on single year of age. All geographic boundaries for the 2010-2020 Intercensal Estimates series are as of 2020.
