Note:

2000 state, county and municipality population are 2000 Census data with official revisions included;

2001-2005 state, county, and municipality population estimates were produced by U.S. Census Bureau;

2006 to 2020 state and county population forecasts were developed based on trends of demographic and economic variables;

Municipality population forecasts were simply calculated by applying the place/county ratios to the appropriate county population forecasts.
