## **PREFACE**

The 2001 edition of the Wyoming Sales, Use and Lodging Tax Revenue Report is a compendium of detailed excise tax information. This publication contains sales and use tax collection information by one-digit Standard Industrial Classification (SIC) code. In addition, sales tax collections for the retail sector, itemized by sub-sector component, are provided. Also included in this report, are yearly lodging tax collections by local entity. As a point of clarification, sales and use tax collections by SIC code reflect the taxable sales made within a particular industrial sector, not the taxable purchases made within that sector.

The Department of Revenue changed their sales and use tax processing system in March 1997. The collection data are specifically based on "county of sale" as reported by the vendor, rather than the vendor's business location. Therefore, some shifts in distribution may have occurred among certain counties and between sales and use tax collections. The change in computer systems may also have been a contributing factor to the increase in sales tax collections between fiscal year 1997 and 1998.

This report spans the activity for fiscal years 1990-2001 for sales tax, and fiscal years 1996-2001 for use tax collections. Lodging tax information is provided for fiscal years 1990-2001 (the Wyoming State Government fiscal year extends from July 1 through June 30). The electronic version of this report can also be found on the Internet at: **<http://eadiv.state.wy.us/eahome.htm>**.

The data were provided by the Wyoming Department of Revenue, and were compiled for publication by the Division of Economic Analysis, Department of Administration and Information, 327 East Emerson Building, Cheyenne, WY 82002-0060, Phone: (307) 777-7504, E-mail: ead@state.wy.us.

# INTRODUCTION

Sales and use tax collections are two principal sources of revenue to state and local governments. However, their importance does not stop there. These two revenue sources, when surveyed over time, provide a valuable indication of both economic progress and activity at the state and county levels.

Lodging tax collections provide revenue primarily to cities, towns, and counties. This valuable economic indicator is particularly useful for identifying and monitoring tourism activity and trends.

The reporting of sales and use tax collections is based upon the 1987 Standard Industrial Classification (SIC) code, developed by the Federal Office of Management and Budget. Under this system, a business is classified by primary activity, determined by principal product, or group of products produced, distributed, and/or services rendered. Each sector classification is briefly described in the glossary found on page 101.

## **SALES TAX**

Wyoming has had a sales and use tax since 1935. Historically, the revenue from this tax was shared between state government and local governments within the county of origin at rates of 66.67 percent and 33.33 percent, respectively. However, a statute modification effective July 1, 1989 through June 30, 1992, reduced the state share to 63.33 percent and raised the county share to 36.67 percent. Beginning July 1, 1992, the sales tax distribution was modified again, allocating 65.0 percent to state government and 35 percent to the county of origin. This revised allocation remained in effect through June 30, 1993.

From 1967 through June of 1993, the state-imposed sales tax rate was 3 percent. On July 1, 1993, the state-imposed sales tax rate was raised to 4 percent, and the distribution formula was modified to allocate 72.0 percent to state government, and the remaining 28 percent to the county of origin.

The State's share of the sales tax revenue is distributed to the General Fund. The significance of this tax is evident in the graph and table shown on pages 1, 5 and 6. The portion returned to the counties and municipalities is distributed based on population.

Beginning in 1973, Wyoming counties were granted the option to impose an additional 1 percent sales tax through public election. During fiscal year 2001, all counties except Fremont, Goshen, Park, Sublette, and Washakie were imposing this optional sales tax. The optional sales tax revenue, less administrative costs, is returned to the county of origin.

In addition to the aforementioned county optional tax, any county, through public election, may impose an additional excise tax of up to 1 percent on retail sales made within the county. The revenue generated from this tax is designated solely for the planning, construction, furnishing, equipping, and debt servicing for any capital improvement project as authorized through public election. This tax is referred to as the 1 percent capital facilities option tax. During fiscal year 2001, Albany, Carbon, Goshen, Laramie, Niobrara, Sheridan, Teton, and Uinta counties were imposing the 1 percent capital facilities option tax, while Campbell County chose to impose 0.25 percent. A table of effective tax rates can be found on pages 7-10.

To derive an estimate of county gross sales, the specific county tax collection can be divided by the corresponding tax rate. However, this method suffices as only an approximate indicator of gross sales and does not include any non-taxable sales. (See pages 11-12 for a listing of all taxable events and exemptions.) Further, because county option taxes originate and expire at varying times, county sales tax rates can fluctuate from year to year. When measuring performance over time, the inclusion of these optional revenues results in statistical variance. The table and graph on page 17 displays only the total state imposed sales tax collections, and annual percent change for fiscal years 1990 through 2001.

## **USE TAX**

State use tax is imposed on purchases made outside a taxing jurisdiction for first use, storage, or other consumption within that jurisdiction. Thus, the use tax prevents sales

tax avoidance, or payment of a lesser tax rate by making purchases outside of the taxing jurisdiction where first use, storage, or other consumption will occur. Wyoming taxing jurisdictions are the State of Wyoming, and/or each Wyoming county.

Use tax is a complement of sales tax. Effective January 1, 1981, the adoption of an optional sales tax required a change in the use tax rate of equal amount. State use tax is shared between state government and the county of origin on the same distribution basis as sales tax. Therefore, the revised rate and allocation, as mentioned earlier in the sales tax description, applies here as well. The table and graph on page 79 display only the total state imposed use tax collections and the annual percent change for fiscal years 1990 through 2001.

## **LODGING TAX**

Cities, towns and counties, by voter approval, may impose an excise tax of up to 4 percent on all sleeping accommodations for guests staying less than 30 days. This tax extends to mobile accommodations such as tents, trailers, and campers, as well.

All collections, less a 2 percent state administrative cost during the first year the tax is imposed, and a 1 percent thereafter, are distributed to the cities, towns and counties of origin. At least 90 percent of the tax distributions must be used to promote travel and tourism within the county, city or town imposing the tax. The amount remaining, not to exceed 10 percent of the total amount distributed, may be used for general revenue within the governmental entity imposing the tax.

## TAXABLE EVENTS AND EXEMPTIONS

Wyoming Statute 39-6-404 describes the following sales and services as **taxable** events:

1. Retail sales of tangible personal property within the state.
2. Leases of tangible personal property if the property would have been taxable, had it been sold.
3. Intrastate telephone and telegraph services, and the equipment used to carry out such services.
4. Intrastate transportation of passengers.
5. Sales by public utilities and by those furnishing gas, electricity, or heat for domestic, industrial, or commercial consumption.
6. Meals regularly served to the public, and cover charges.
7. Lodging services to transient guests, e.g., motels, hotels.
8. Admissions to amusements, or athletic events.
9. Repair, alteration, or improvement of tangible personal property.
10. Contract seismographic surveying, contract geophysical surveying, and other contract geophysical exploration operations calculated to reveal the existence of geologic conditions favorable to the accumulation of oil or gas, and for all services rendered in and all types of coring, logging, testing, stimulating, perforating, cementing, completing, recompleting, or attempting to complete any well for production of oil or gas.
11. Sales of automobiles, mobile homes, campers, and semi-trailers.
12. Sales of alcoholic beverages.
13. Sales of computer hardware and non-customized computer software.

Wyoming Statute 39-6-402 (a) (iv) defines "Sales Price" as the consideration paid by the purchaser of tangible personal property, excluding the actual trade-in value allowed on property exchanged at the time of transaction, admissions, or services which are subject to taxation as provided by this article, and excluding any taxes imposed by the federal government, or this article.

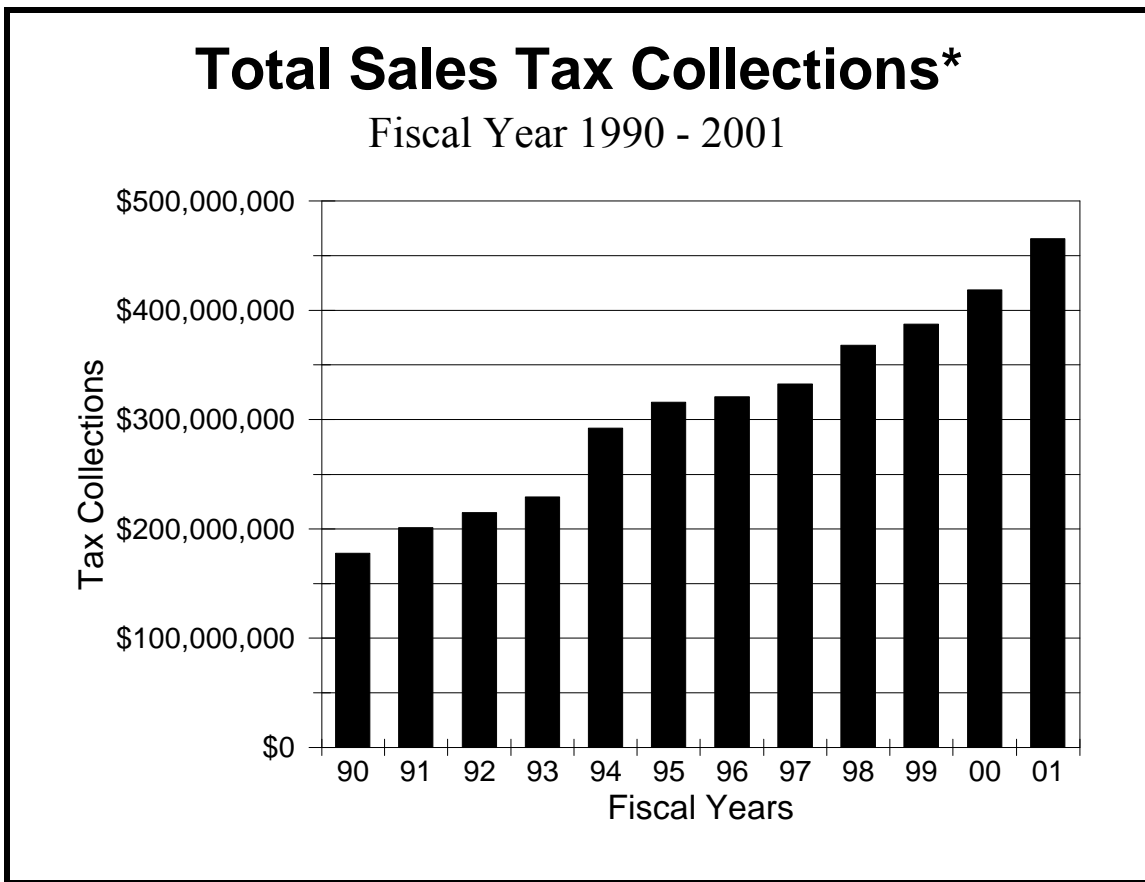

Wyoming Statute 39-6-405 governs exemptions from state sales tax. **Exemptions** include the following:

1. Sales of tangible personal property to a person engaged in manufacturing, if such property becomes an ingredient or component of the item manufactured. Sales of containers, labels, etc., are also exempt.
2. Sales of livestock, feeds for feeding livestock for marketing purposes; seeds, roots, bulbs, small plants, and fertilizer, planted or applied to land, the products of which are to be sold.
3. Intrastate transportation of sick, injured, and deceased persons by ambulance or hearse.
4. Intrastate transportation of employees when the transportation is paid for by the employer.
5. Intrastate transportation of raw farm products to processing plants.
6. Interstate transportation of freight and passengers.
7. Sales of energy if the energy is consumed directly in manufacturing, processing, or agriculture.
8. Sales of power or fuel used directly in generating motive power for transportation purposes, provided that gasoline, or diesel fuels used had been taxed (per gallon) under the Special Fuels, or Gasoline Tax Acts.
9. Sales of the services of professional engineers.
10. Sales made to the State of Wyoming, or its political subdivisions.
11. Sales made to a religious, or charitable organization, or non-profit corporations providing meals to senior citizens.
12. Sales of trucks, etc., to holders of a valid I.C.C. permit, provided they are used substantially in interstate commerce.
13. Occasional sales made by religious, or charitable organizations for fund raising purposes.
14. Sales which Wyoming is forbidden to tax, either by the State, or by the laws, or constitution of the United States.

15. Sales of prescription drugs, oxygen for medical use, plasma, prosthetic devices, hearing aids, crutches, wheelchairs, eyeglasses and contact lenses, insulin for human relief, and any syringe, needle, or device for the administration thereof.
16. Leases of vehicle if the lease is computed from gross receipts of the operation, for holders of valid I.C.C. permits.
17. Wholesale sales.
18. Intrastate transportation of freight.
19. Sales of school annuals.
20. Sales of newspapers.
21. Sales to Wyoming joint apprenticeship and training programs.
22. Sales to Joint Powers Boards organized under the Wyoming Joint Powers Act.
23. Transportation of drilling rigs, including charges for loading, unloading, assembly, and disassembly.
24. Sales of food purchased with food stamps.
25. Admission to, or user fees for county, or municipal owned recreation facilities.
26. Sales of carbon dioxide and other gases used in tertiary production.
27. Labor/service charges, including transportation and travel, for repair, alteration, or improvement of property owned by the State of Wyoming, or its political subdivisions.
28. Sales of personal property, or services performed for the repair, alteration, or improvement of railroad rolling stock.
29. Lodging services provided by guides or outfitters.

## *SALES TAX COLLECTIONS*

\* Includes state sales taxes plus all local optional sales taxes

## Percent Change in Sales Tax Collections by County: FY2000 - FY2001

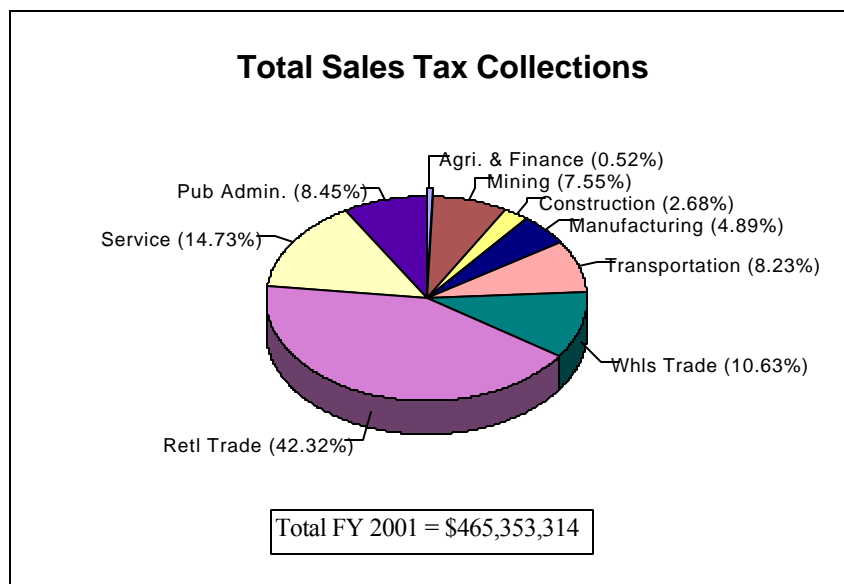

Prepared by Wyoming Department of Administration and Information, Division of Economic Analysis

## SUMMARY OF SALES TAX COLLECTIONS

Total sales tax collections for fiscal year 2001, at \$465.4 million, exceeded the previous level by a margin of 11.2 percent. Collections in 8 of the 10 major industrial sectors were above previous year levels (see Glossary for the explanation of each sector). The mining and the TCPU (Transportation, Communication, and Public Utilities) sectors realized the most substantial increases of 57.8 and 20.8 percent, respectively. Collections from the retail trade sector, which reflects consumers' daily spending, expanded in fiscal year 2001 to \$197 million. However, this represented an increase of only 3.3 percent from a year earlier. The retail trade sector is the largest of the industrial sectors. The second largest sector, services, demonstrated a significant increase of 14.2 percent. The wholesale trade and public administration sectors also experienced expansions of 13.4 and 16.0 percent, respectively. The collections reported in the public administration sector were primarily comprised of taxes generated through automobile sales.

Annual sales tax collections in 20 of the state's 23 counties increased over previous year levels. Note: data users must be aware of the aberrancy when comparing the collections between fiscal years before and after 1997 for counties. As indicated in the table on page 19, the collections in the "Out of State" category

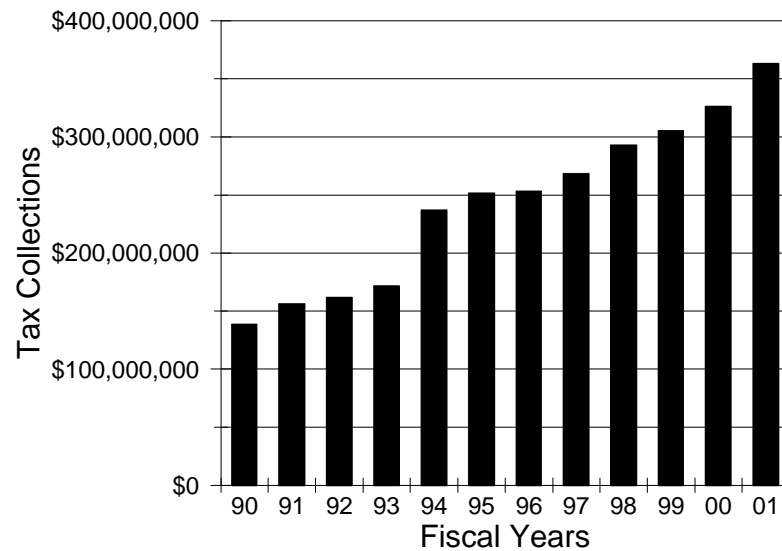

showed zero since fiscal year 1998. The reason for this, as mentioned earlier, is the collection data have been specifically based on “county of sale” reported by vendors, instead of vendors’ business location. This change resulted from the adoption of a new sales/use tax system by the Department of Revenue that has been in use since March 1997. Therefore, collection amounts that were typically reported in the “Out of State” category were allocated into the rightful counties based on the location of purchase.

Sublette County revealed the most staggering increase of 71.3 percent over fiscal year 2000. Campbell, Hot Springs, Niobrara, and Uinta counties also demonstrated substantial yearly increases of over 20 percent, respectively. Mining related activities were the principal boosters behind the increase. As a result, collections from the mining sector recorded a staggering growth, and the TCPU sector also climbed up tremendously for those counties.

Annual sales tax collections decreased from previous year levels in 3 counties. The double digit decline in Fremont County was basically caused by the expiration of the 1 percent special purpose optional tax on June 1, 2000. Goshen County’s slight decrease was also contributed by the stoppage of the 1 percent option tax between April 1, 2000 and December 31, 2000. The declines in manufacturing and wholesale trade sectors caused overall decrease in Lincoln.

## *USE TAX COLLECTIONS*

\* Includes state use taxes plus all local optional use taxes

## Percent Change in Use Tax Collections by County: FY2000 - FY2001

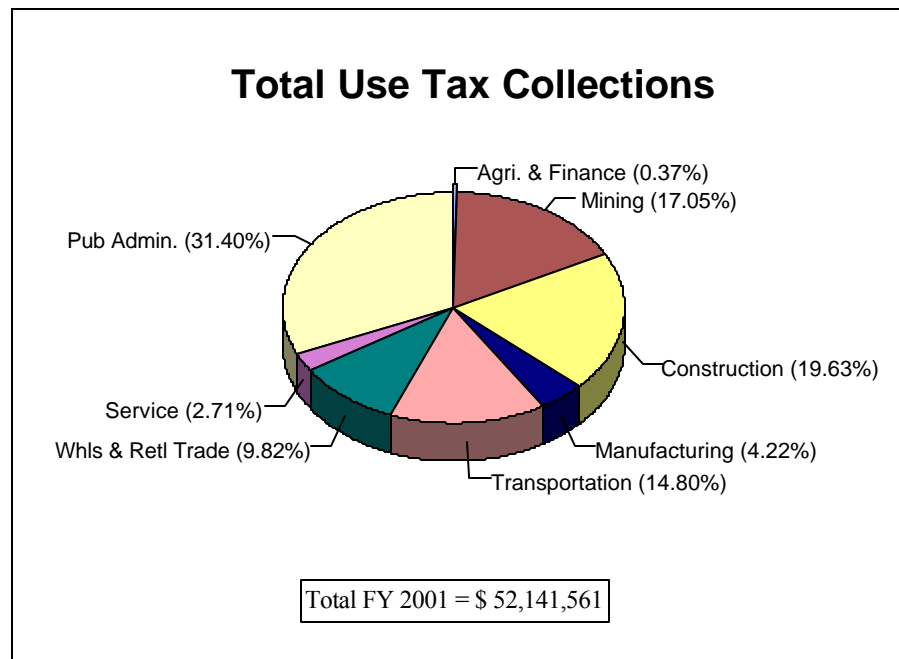

Prepared by Wyoming Department of Administration and Information, Division of Economic Analysis

## SUMMARY OF USE TAX COLLECTIONS

Use tax collections totaled \$52.1 million during fiscal year 2001, an increase of 4.6 percent from year earlier level. Six of the 9 major sectors (wholesale and retail trade sectors are combined for use tax reporting) realized increases over fiscal year 2000 levels. Use tax collections usually fluctuate considerably from year to year, and from one sector to another. Typically, nearly 50 percent of the use tax collections are from the mining, construction, and manufacturing sectors. Unlike service producing sectors, the sales made within the goods producing sectors directly reflects these industries' operational situations.

The service sector exhibited the largest increase of 62.2 percent. However, it is the public administration sector which showed the most expansion of over \$2 million in terms of absolute amount. The mining sector also enjoyed nearly 23 percent of increase. The manufacturing sector and the wholesale and retail trade sector suffered declines of 34.2 and 15.4 percent, respectively.

Use tax collections reported in the public administration sector were primarily comprised of taxes generated through automobile purchases made out of the state.

Annual total use tax collections for 16 counties increased over previous year levels. Users should be cautious when making comparisons of county use tax collections between the periods before and after fiscal year 1997, due to the change in the allocation of out-of-state collections. Again, the amount in the category of “Out of State” was allocated to the rightful counties, based on location of purchase.

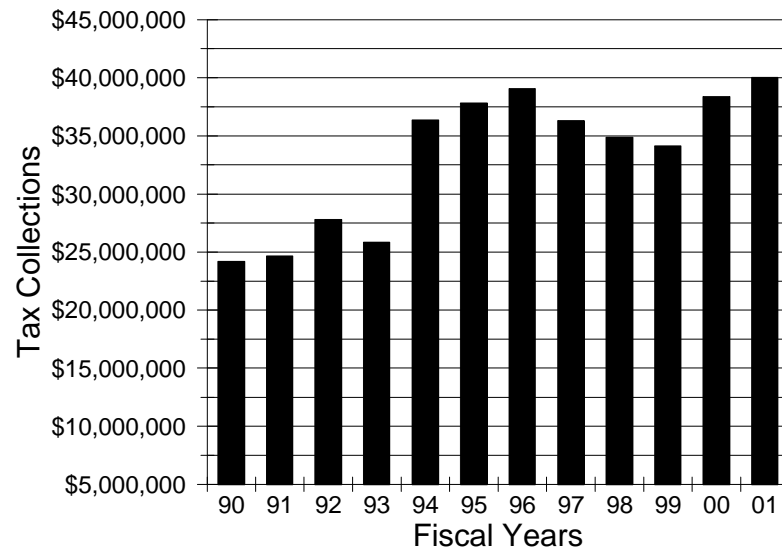

Sheridan and Sublette counties revealed the most significant increases, more than doubled the collections recorded during fiscal year 2000. The increases in mining and construction sectors mainly contributed to the upsurge for both counties. Fremont County also realized 79.3 percent increase due to the use tax acceleration in construction sector. Niobrara, Park, Uinta, and Washakie counties had weighty gains of 40.0 percent or more, respectively, over the previous year levels.

Use tax collections declined from year earlier levels in 7 counties. Carbon and Converse counties suffered declines of over 40 percent, respectively. The lag in Carbon was caused by sharp declines in construction activities, while the transportation sector decreased greatly for Converse.

Growth rates for use tax collections over the past twelve years can be found on page 79. Only the 3 percent and 4 percent state use tax collections (no county optional taxes) were used for this comparison.

## *LODGING TAX COLLECTIONS*

\* Lodging tax imposition in Teton County was revoked beginning in FY 1996

## Percent Change in Lodging Tax Collections by County: FY2000 - FY2001

Prepared by Wyoming Department of Administration and Information, Division of Economic Analysis

## SUMMARY OF LODGING TAX COLLECTIONS

Total lodging tax collections for fiscal year 2001, at \$3.6 million, were up a significant 6.9 percent from the \$3.37 million collected in the previous year. Natrona and Platte counties demonstrated substantial increases of 20 percent, respectively. The increase in Natrona County, however, is mainly caused by the 1 percent increase of lodging tax rate since January 1, 2001. The collections in Park County reached nearly \$930,000 in fiscal year 2001, showing an increase of 5.6 percent over a year ago level.

Overall, increases over fiscal year 2000 levels were realized in 17 counties statewide. Johnson, Sweetwater, Uinta, and Weston counties also experienced over 10 percent expansions, each, from the prior year levels. Only 4 counties recorded collection declines during the same period: Big Horn (-3.4%), Carbon (-2.6%), Converse (-15.6%), and Sheridan (-1.8%). Since fiscal year 1996, the lodging tax option has been effective in 21 counties.

The 2 percent lodging tax imposition in Teton County, and the 1 percent in the town of Pinedale in Sublette County were revoked beginning on July 1, 1995. However, Sublette County has been imposing a 3 percent countywide lodging tax since January 1, 2001. The 2 percent lodging option tax was also imposed upon the town of Diamondville and the city of Kemmerer in Lincoln County starting on January 1, 2001.

# ***GLOSSARY***

## **GLOSSARY**

**SOURCE:** All of the following page citations refer to the Executive Office of the President, Office of Management and Budget, **Standard Industrial Classification Manual 1987**, Washington: U.S. Government Printing Office (1987), unless otherwise indicated.

### **AGRICULTURE**

This division includes establishments primarily engaged in agricultural production, forestry, commercial fishing, hunting and trapping, and related services. (p. 21)

### **APPAREL**

This major group includes retail stores primarily engaged in selling new clothing, shoes, hats, underwear, and related articles for personal wear and adornment. Furriers and custom tailors carrying stocks of materials are also included. (p. 323)

### **AUTOMOBILE**

This major group includes retail dealers selling new and used automobiles, boats, recreational vehicles, utility trailers, and motorcycles including mopeds; those selling new automobile parts and accessories; and gasoline service stations. In Wyoming, these collections **do not** include sales of new and used vehicles, since the County Treasurer collects this tax; therefore, they are included in the public administration sector. (p. 265)

### **BUILDING AND HARDWARE**

This major group includes retail establishments primarily engaged in selling lumber and other building materials, paint, glass, wallpaper, hardware, nursery stock, lawn and garden supplies, and mobile homes. (p. 315)

### **CAPITAL IMPROVEMENT TAX** (Sec. 39-6-412, W.S. 1984)

This is an optional sales tax imposed for the express purpose of capital construction. The revenue from the tax shall be used only for planning, construction, furnishing, equipping, and debt service for any capital improvement project authorized by public election.

### **CONSTRUCTION**

This division includes establishments primarily engaged in construction. The term construction includes new work, additions, alterations, reconstruction, installations, and repairs. (p. 53)

## **FINANCE**

This division includes establishments operating primarily in the fields of finance, insurance, and real estate. (p. 335)

## **FOOD STORES**

This major group includes retail stores primarily engaged in selling food for home preparation and consumption. (p. 319)

## **FURNITURE**

This major group includes retail stores selling goods used for furnishing the home, such as furniture, floor coverings, draperies, glass and chinaware, domestic stoves, refrigerators, and other household electrical and gas appliances. (p. 325)

## **GENERAL MERCHANDISE**

This major group includes retail outlets such as department stores, variety stores, and general merchandise stores which sell a number of lines of merchandise such as dry goods, apparel, accessories, furniture and home furnishings, small wares, hardware, and food. (p. 317)

## **INHERITANCE TAX** (Sec. 39-6-810 to 39-6-813, W.S. 1977)

This new provision repealed the old state Inheritance Tax. The state now collects all or its pro rata share of the "Federal Credit for State Death Tax". This tax is applicable to the estates of descendants whose date of death is January 1, 1983 and thereafter. This tax is commonly referred to as a "pickup tax", wherein the state of domicile, and the states where the non-resident descendant owned real and tangible personal property with an actual situs in the non-domiciliary state, collect the Federal Credit or a pro rata share which is allowable on the Federal Estate Tax Return.

## **LODGING TAX** (Sec. 39-6-412, W.S. 1977)

Cities, towns and counties, by voter approval, may impose an excise tax of up to 4 percent on all sleeping accommodations for guests staying less than 30 days. This tax extends to mobile accommodations such as tents, trailers, and campers, as well. Guides and outfitters are exempt.

## **MANUFACTURING**

The manufacturing division includes all establishments such as plants, factories, and mills engaged in the mechanical or chemical transformation of materials or substances into new products. (p. 67)

## **MINERAL SEVERANCE TAX** (Section 39-6-301 to 39-6-307, W.S. 1977)

The tax is levied on the cash market value of specified minerals and valuable deposits after the mining or production process is completed. The particular rate varies with the type of deposit. The distribution of collections to the State funds (General, Trust and Agency, Capital Facilities, etc.) also varies with the type of deposit.

## **MINING**

This division includes all establishments primarily engaged in mining. Mining is used in the broad sense to include the extraction of solid and gaseous minerals occurring naturally, as well as other preparation customarily done at the mine site, or as a part of mining activity. (p. 39)

## **MISCELLANEOUS STORES**

This major group includes retail establishments not elsewhere classified such as drug stores, liquor stores, and used merchandise stores. (p. 329)

## **PUBLIC ADMINISTRATION**

This division includes the executive, legislative, judicial, administrative, and regulatory activities of Federal, state, local, and international governments. (p. 407)

## **RESTAURANTS**

This major group includes retail establishments selling prepared foods and drinks for consumption on the premises, and also lunch counters and refreshment stands selling prepared foods and drinks for immediate consumption. (p. 329)

## **RETAIL TRADE**

This division includes establishments engaged in selling merchandise for personal or household consumption and rendering services incidental to the sale of the goods. (p. 313)

## **SALES TAX** (Sec. 39-6-401 to 39-6-417, W.S. 1977)

This tax is levied on the gross receipts from the sale of tangible personal property and specified services. The collections are distributed between the State General Fund and local jurisdictions. For a listing of rates and exemptions, refer to the tables on pages 7-9 and 10-11, respectively, in this report.

## **SERVICES**

This division includes establishments primarily engaged in providing a wide variety of services (i.e. legal, health, and repair) for individuals, business and government establishments, and other organizations. (p. 353)

## **TRANSPORTATION (TCPU)**

This division includes establishments providing to the general public or to other business enterprises, passenger and freight transportation, communication services, electricity, gas, steam, water or sanitary services, and the U.S. Postal Service. (p.265)

## **USE TAX (Sec. 39-6-501 to 39-6-603, W.S. 1977)**

The Use Tax is levied upon tangible personal property that is purchased from an out-of-state vendor and shipped directly to the purchaser for storage, use, or consumption in the state. Freight and property in interstate transportation is exempted. For a listing of rates and exemptions, refer to the tables on pages 7-9 and 10-11, respectively, in this report. Collections are distributed between the State General Fund and local jurisdictions.

## **WHOLESALE TRADE**

This division includes establishments or places of business primarily engaged in selling merchandise to retailers; to industrial, commercial, institutional, farm, construction contractors, or professional business users; or to other wholesalers; or acting as agents or brokers in buying merchandise for or selling merchandise to such persons or companies.
