Email: ai-ead-info@wyo.gov**

**41st Edition
October 2016**

PREFACE

The 2016 edition of the Wyoming Sales, Use, and Lodging Tax Revenue Report is a compendium of detailed excise tax information. This publication contains sales and use tax collection information categorized by the North American Industry Classification System (NAICS) for Wyoming and its twenty-three counties. In addition, sales tax collections for the retail trade sector, which are itemized by sub-sector components, and for the accommodation and food services sector are provided in the report. Also included in this publication are annual lodging tax collections by county and local entity. As a point of clarification, sales and use tax collections by NAICS codes reflect the **taxable sales** made within a particular industrial sector, NOT the taxable purchases made by that sector.

This report includes total sales and use tax collections activity by state and county for fiscal years 2014-2016, for both the state-imposed 4% taxes and total taxes, which includes local optional taxes (Wyoming State Government's fiscal year extends from July 1 through June 30). Lodging tax information is provided for fiscal years 2005-2016. The data were provided by the Wyoming Department of Revenue, and were compiled for publication by the Economic Analysis Division.

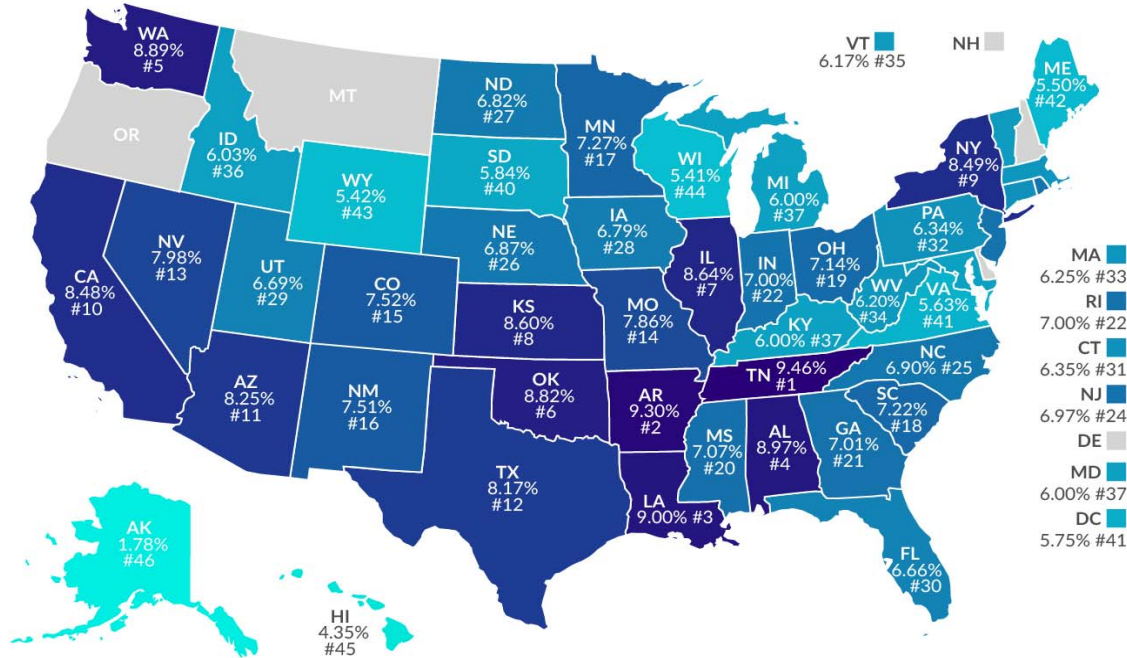

For additional information or questions regarding tax collection methodology, please contact:

Tax Rate Comparison

How High Are Sales Taxes in Your State?

Combined State & Average Local Sales Tax Rates, 2016

Note: City, county, and municipal rates vary. These rates are weighted by population to compute an average local tax rate. Three states levy mandatory, statewide local add-on sales taxes at the state level: California (1%), Utah (1.25%), and Virginia (1%). We include these in their state sales tax rates. The sales taxes in Hawaii, New Mexico, and South Dakota have broad bases that include many business-to-business services. Due to data limitations, the table does not include sales taxes in local resort areas in Montana. Some counties in New Jersey are not subject to statewide sales tax rates and collect a local rate of 3.5%. Their average local score is represented as a negative.

INTRODUCTION

Sales and use tax collections are the two principal revenue sources for state and local governments in Wyoming. These two revenue sources, when tabulated over time, also provide a valuable indication of both economic progress and activity at the state and county levels.

Lodging tax collections provide revenue primarily to cities, towns, and counties. This economic indicator is particularly useful in identifying and monitoring tourism activity and local economic trends.

The reporting of sales and use tax collections is based upon the 2012 North American

Industry Classification System (NAICS) system, developed by the Federal Office of Management and Budget. Under this system, a business is classified by primary activity, which is determined by the principal product, or group of products that are produced, distributed, and/or services rendered. Each sector classification is briefly described in the glossary on page 69.

SALES TAX

Wyoming has implemented a sales and use tax since 1935. Historically, the revenue from this tax was shared between state government and local governments within the county-of-origin at rates of 66.67 percent and 33.33 percent, respectively. However, a statute modification effective July 1, 1989 through June 30, 1992, reduced the state share to 63.33 percent and raised the county share to 36.67 percent. Beginning July 1, 1992, the sales tax distribution was modified once again, allocating 65.0 percent to state government and 35.0 percent to the county-of-origin. This revised allocation remained in effect through June 30, 1993.

From 1967 through June of 1993, the state-imposed sales tax rate was 3 percent. On July 1, 1993, the state-imposed sales tax rate was raised to 4 percent, and the distribution formula was modified to allocate 72.0 percent to state government, and the remaining 28.0 percent to the county-of-origin. The state share was reduced to 70.5 percent between July 1, 2002 and July 1, 2004, and was further lowered to 69.0 percent in fiscal year 2005, and is still currently in place.

The State's share of sales tax revenue is distributed to the General Fund. The chart on page 4, and the table located on page 8 provide a visual depiction of the significance of this tax. The portion of sales tax revenue returned to the counties and municipalities is mainly distributed based upon the decennial census population within their counties.

Beginning in 1973, Wyoming counties were granted the option to impose an additional one percent sales tax approved through public election. As of January 1, 2016, all counties except for Park and Sublette were imposing this optional sales tax.

The optional sales tax revenue, less administrative costs, is returned to the county-of-origin. Distribution between county and municipalities is also based on the proportion of decennial population.

In addition to the aforementioned county optional tax, any county, through public election, may impose an additional excise tax of up to one percent on retail sales made within the county. This optional excise tax is referred to as the 1 percent capital facilities option tax. The revenue generated from this tax is designated solely for the planning, construction, furnishing, equipping, and debt servicing for any capital improvement project as authorized through public election. As of January 1, 2016, Albany, Carbon, Crook, Johnson, Laramie, Niobrara, Platte, Sheridan, Sweetwater, Teton, and Weston counties imposed a 1 percent optional tax. Since April 2007, counties could also impose another one percent sales tax for economic development purposes. Only Goshen County imposed this particular tax as of January 1, 2016, at 0.25 percent. A table of effective tax rates by county is located on page 9.

To derive an estimate of county gross taxable sales, the specific county tax collection can be divided by the corresponding tax rate. However, this method suffices as only an approximate indicator of gross sales and does not include any non-taxable sales. (See pages 10-11 for a list of all taxable events and exemptions). Further, because county option taxes originate and expire at varying times, county sales tax rates may fluctuate from year-to-year. When measuring performance over time, the inclusion of these optional revenues results in statistical variances. Therefore, only the state imposed 4 percent tax collections should be used for the purpose of year-to-year comparisons. The table and graph on page 16 display only the state imposed sales tax collections and the annual percent change for fiscal years 2005 through 2016.

USE TAX

A state use tax is imposed on purchases made outside a taxing jurisdiction for first use, storage, or other consumption within that jurisdiction. Thus, the use tax prevents sales tax avoidance, or payment of a lesser tax rate by making purchases outside of the taxing jurisdiction where first use, storage, or other consumption will occur. Wyoming's taxing jurisdictions are the State of Wyoming, and/or each county.

Use tax is a complement of sales tax. Effective January 1, 1981, the adoption of an optional sales tax requires a change in the use tax rate of equal amount. State use tax collections are shared between state government and the county-of-origin on the same distribution basis as sales tax. Therefore, the revised rate and allocation, as mentioned earlier in the sales tax description, applies for use tax as well. Again, for legitimate comparisons between one year and another, only the state imposed 4 percent use tax data should be applied. The table and graph on page 49 display only the state imposed use tax collections and the annual percent change for fiscal years 2005 through 2016.

LODGING TAX

Cities, towns, and counties, by voter approval, may impose an excise tax of up to 4 percent on all sleeping accommodations for guests staying less than thirty days. This tax also extends to mobile accommodations such as tents, trailers, and campers.

All lodging tax collections, less a 2 percent state administrative cost during the first year the tax is imposed, and 1 percent thereafter, are distributed to the cities, towns, and counties-of-origin. At least 90 percent of the tax distributions must be used to promote travel and tourism within the county, city, or town that is imposing the tax. The remaining amount, not to exceed 10 percent of the total amount distributed, may be used for general revenue within the governmental entity imposing the tax.

As of January 1, 2016, Albany, Fremont, Goshen, Hot Springs, Laramie, Natrona, Park, Washakie, and Weston counties, Kemmerer city in Lincoln County, and Sheridan city in Sheridan County imposed a 4 percent lodging tax. Converse, Platte, and Sweetwater counties, Greybull town in Big Horn County, Pinedale town in Sublette County, and Evanston city in Uinta County imposed a 3 percent. The rest of the counties, and Lovell towns in Big Horn County, Afton, Cokeville, and Diamondville towns in Lincoln County, and Lusk town in Niobrara County impose 2 percent lodging tax.

TAXABLE EVENTS AND EXEMPTIONS

Wyoming Statute 39-15-103 describes the following sales and services as **taxable** events:

1. Retail sales of tangible personal property within the state.
2. Leases of tangible personal property if the property would have been taxable, had it been sold.
3. Intrastate telephone and telegraph services, and the equipment used to carry out such services.
4. Intrastate transportation of passengers.
5. Sales by public utilities and by those furnishing gas, electricity, or heat for domestic, industrial, or commercial consumption.
6. Meals regularly served to the public, and cover charges.
7. Lodging services to transient guests, e.g., motels, hotels.
8. Admissions to amusements, or athletic events.
9. Repair, alteration, or improvement of tangible personal property.
10. Contract seismographic surveying, contract geophysical surveying, and other contract geophysical exploration operations calculated to reveal the existence of geologic conditions favorable to the accumulation of oil or gas, and for all services rendered in and all types of coring, logging, testing, stimulating, perforating, cementing, completing, recompleting, or attempting to complete any well for production of oil or gas.
11. Sales of automobiles, mobile homes, campers, and semi-trailers.
12. Sales of alcoholic beverages.
13. Sales of computer hardware and non-customized computer software.

Wyoming Statute 39-15-103 (a) defines "Sales Price" as the consideration paid by the purchaser of tangible personal property, excluding the actual trade-in value allowed on property exchanged at the time of transaction, admissions, or services which are subject to taxation as provided by this article, and excluding any taxes imposed by the federal government, or this article.

Wyoming Statute 39-15-105 governs exemptions from state sales tax. **Exemptions** include the following:

1. Sales of tangible personal property to a person engaged in manufacturing, if such property becomes an ingredient or component of the item manufactured. Sales of containers, labels, etc., are also exempt.
2. Sales of livestock, feeds for feeding livestock for marketing purposes; seeds, roots, bulbs, small plants, and fertilizer, planted or applied to land, the products of which are to be sold.
3. Intrastate transportation of sick, injured, and deceased persons by ambulance or hearse.
4. Intrastate transportation of employees when the transportation is paid for by the employer.
5. Intrastate transportation of raw farm products to processing plants.
6. Interstate transportation of freight and passengers.
7. Sales of energy if the energy is consumed directly in manufacturing, processing, or agriculture.
8. Sales of power or fuel used directly in generating motive power for transportation purposes, provided that gasoline, or diesel fuels used had been taxed (per gallon) under the Special Fuels, or Gasoline Tax Acts.
9. Sales of the services of professional engineers, geologists, or members of similar professions.
10. Sales made to the State of Wyoming, or its political subdivisions.
11. Sales made to a religious, or charitable organization, or non-profit corporations providing meals to senior citizens.

12. Occasional sales made by religious, or charitable organizations for fund raising purposes.
13. Sales which Wyoming is forbidden to tax, either by the State, or by the laws, or constitution of the United States.
14. Sales of prescription drugs, oxygen for medical use, plasma, prosthetic devices, hearing aids, crutches, wheelchairs, eyeglasses and contact lenses, insulin for human relief, and any syringe, needle, or device for the administration thereof.
15. Leases of vehicle if the lease is computed from gross receipts of the operation, if the operator is operating under a valid interstate authority or permit.
16. Wholesale sales.
17. Intrastate transportation of freight and property including oil and gas by pipeline.
18. Sales of school annuals.
19. Sales of newspapers.
20. Sales to Wyoming joint apprenticeship and training programs.
21. Sales to Joint Powers Boards organized under the Wyoming Joint Powers Act.
22. Transportation of drilling rigs, including charges for loading, unloading, assembly, and disassembly.
23. Sales of food purchased with food stamps.
24. Sales of food for domestic home consumption.
25. Admission to, or user fees for county, or municipal owned recreation facilities.
26. Sales of carbon dioxide and other gases used in tertiary production.
27. Labor/service charges, including transportation and travel, for repair, alteration, or improvement of property owned by the State of Wyoming, or its political subdivisions.
28. Sales of personal property, or services performed for the repair, alteration, or improvement of railroad rolling stock. It will be repealed effective July 1, 2021.
29. Lodging services provided by guides or outfitters.
30. Intrastate transportation by public utility or others of raw farm products to processing or manufacturing plants.
31. Intrastate transfer of persons services by a government, charitable, or non-profit organization.
32. Sales of fuel for use as boiler fuel in the production of electricity.
33. Sales of water delivered by pipeline or truck.
34. Sales of farm implements.
35. Sales or lease of machinery to be used in the state directly or predominantly in manufacturing tangible property. It will be repealed effective December 31, 2017.
36. Sales or lease of any aircraft used in federal aviation administration commercial operation.
37. Sales of equipment used to construct a new coal gasification or coal liquefaction facility.
38. Sales price paid for purchase or rental of computer software, computer equipment, and related utility equipment by a data processing services center.
39. Sales of and retail commissions on lottery tickets or shares and equipment necessary to operate a lottery.

SECTION I

SALES TAX COLLECTIONS

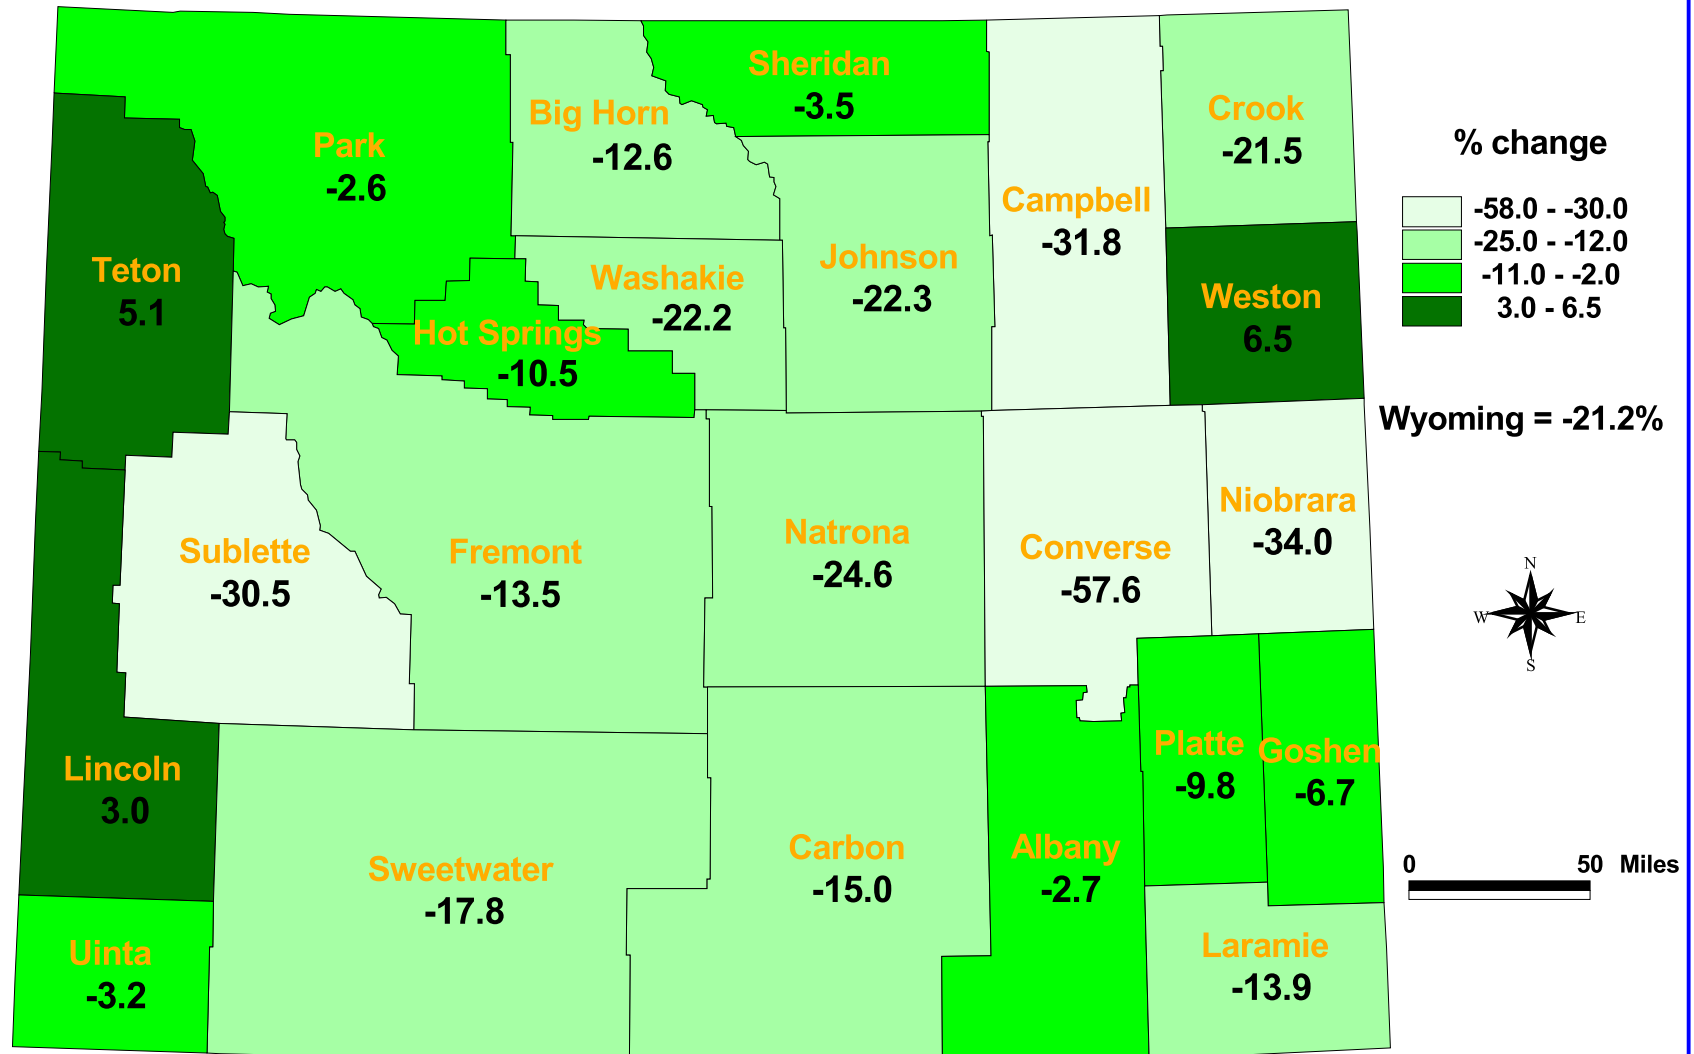

* Includes state sales taxes plus all local optional sales taxes

Source: Wyoming Department of Revenue

Percent Change in Sales Tax Collections by County: FY2015 - FY2016

(only state imposed 4% sales tax is included)

SUMMARY OF SALES TAX COLLECTIONS

Total sales tax collections for fiscal year 2016, at \$749.3 million, decreased 23.3 percent from the previous year level. The annual contraction rate for the state-imposed 4% sales tax collections was -21.2 percent, compared to the 6.5 percent growth rate recorded in fiscal year 2015. During the state's Great Recession in fiscal year 2010, sales taxes declined 19.5 percent. Because locally imposed optional taxes often change during a fiscal year, an accurate comparison should only include the state-imposed 4% taxes to reflect change in taxable sales over time.

Due to global oversupply and weak demand for oil, and

warmer than normal weather and increases in domestic supply for natural gas, the dramatic decline of both oil and natural gas prices in late 2014 and early 2015 has put the brakes on mineral exploration and activity. The depressed prices have continued to take their toll on the energy industry nationwide in the whole year of 2015 and the first half of 2016, and Wyoming is no exception. The active drilling rigs in the state fell from 58 in December 2014 to 22 in June 2015, and they further dropped to just 7 by June 2016. As a result, the statewide sales tax collections experienced record breaking year-over-year declines in fiscal year 2016. Nearly all industrial super sectors experienced decreases in sales tax collections. Only the utilities sector showed slight increases (see the Glossary on page 69 for an

explanation of each sector). The state's pivotal industry – mining (including oil & gas extraction) experienced the worst decline, at -52.7 percent, during the year. Other industries that are closely associated with the mining sector, such as construction, manufacturing, wholesale trade, and machinery & equipment rental and leasing also experienced sizable declines of over 20.0 percent, each. The State does not impose a sales tax on the production of minerals, but on supplies and equipment used in mineral extraction. Additionally, certain services rendered within an oil or gas well site are subject to sales and use taxation, as are services rendered under contract for mining and crushing minerals. Collections from the retail trade industry, the largest in terms of sales tax contribution, also suffered a significant decrease of 8.8 percent from a year earlier. The public administration sector, where sales tax collections primarily reflect automobile purchases, shrunk 16.3 percent.

Annual sales tax collections in only three of Wyoming's twenty-three counties expanded from previous year levels. Weston County recorded the fastest increase of 6.5 percent, followed by Teton County's 5.1 percent and Lincoln County's 3.0 percent from the fiscal year 2015 level (see map on page 13). These aforementioned counties were mostly insulated from the fluctuation in mineral activities, but instead benefited robust tourism.

Sales tax collections declined in twenty counties during fiscal year 2016. Converse County showed the largest decrease, at -57.6 percent, while Campbell, Niobrara, and Sublette counties also experienced hefty declines, at more than 30.0 percent, respectively. The reductions in mineral extraction activities were the main factor for their shrinkage in sales taxes. The map on page 13 shows the percent change in state imposed 4 percent sales tax collections by county from fiscal year 2015 to fiscal year 2016.

USE TAX COLLECTIONS

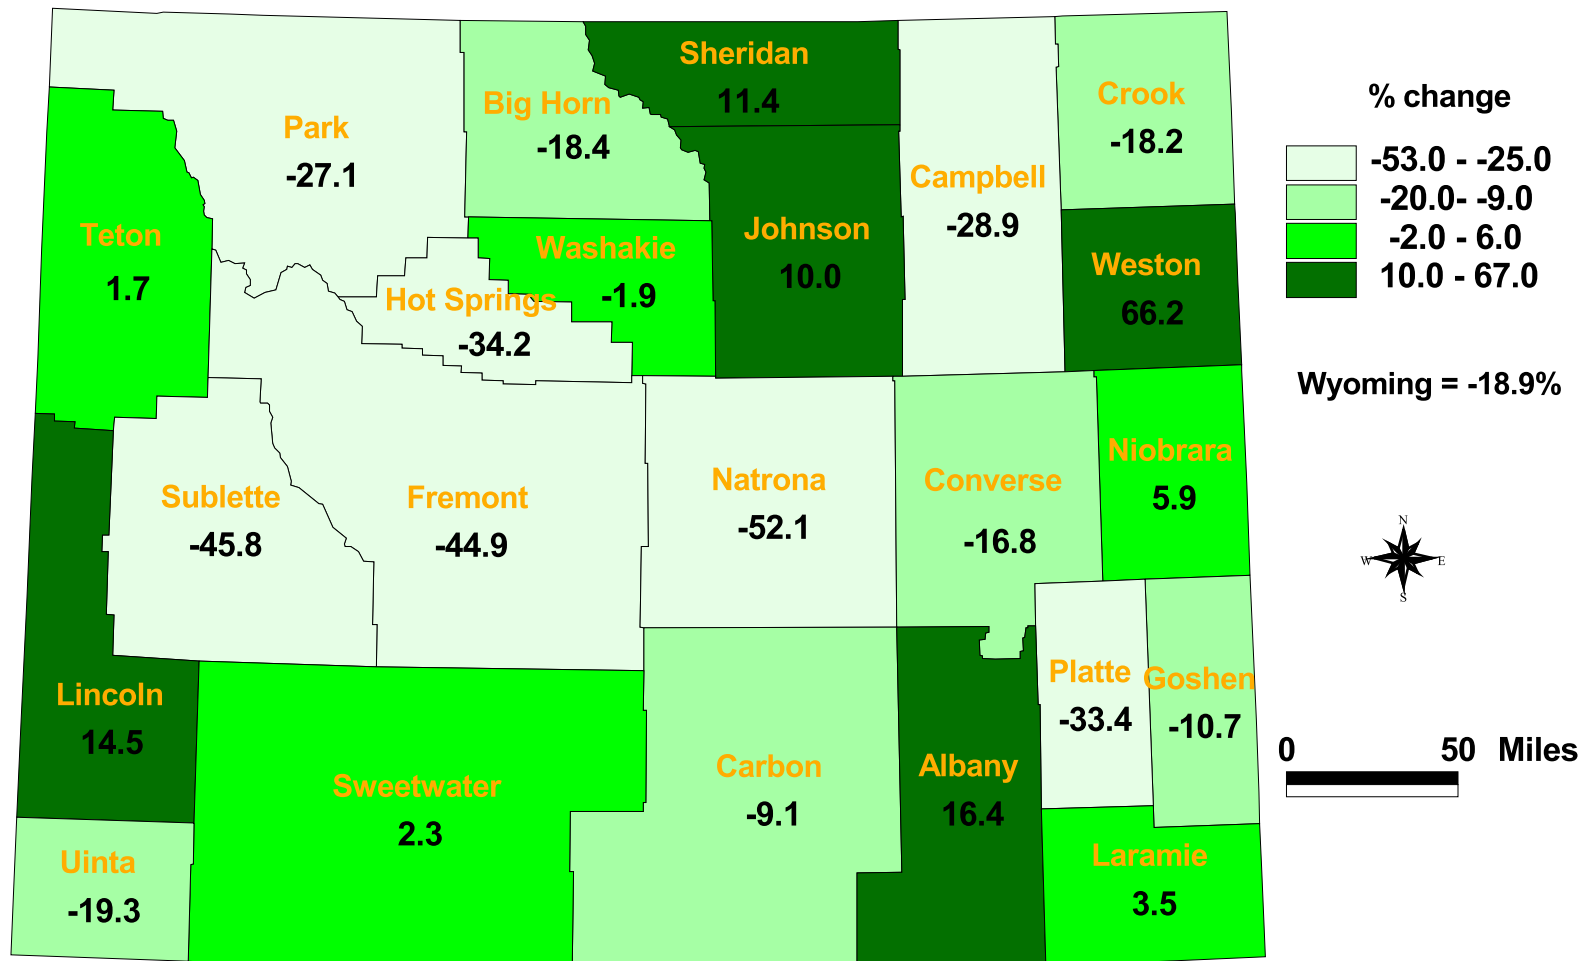

* Includes state use taxes plus all local optional use taxes

Source: Wyoming Department of Revenue

Percent Change in Use Tax Collections by County: FY2015 - FY2016

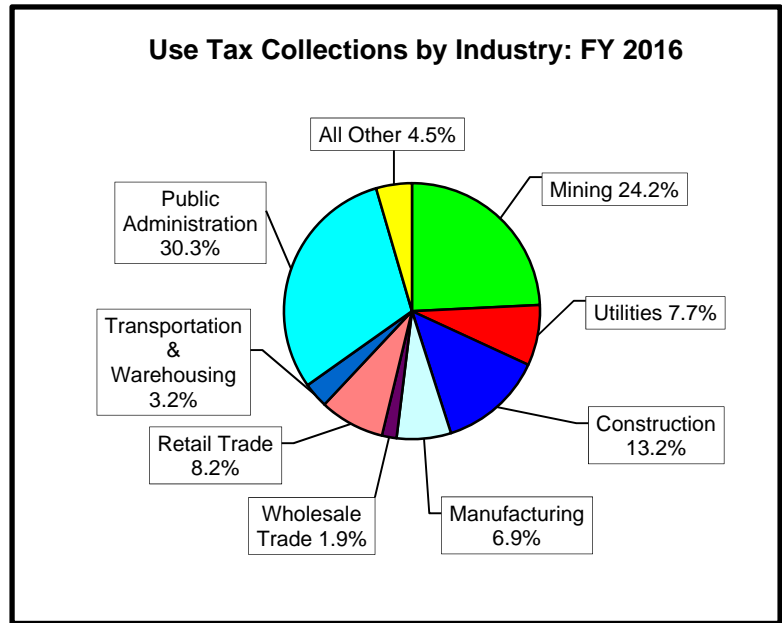

(only state imposed 4% use tax is included)

SUMMARY OF USE TAX COLLECTIONS

Use tax collections totaled \$114.5 million during fiscal year 2016, a decrease of 18.4 percent from the previous year. The annual rate of contraction for the state-imposed 4% use tax collections was -18.9 percent, compared to a 1.9 percent increase between fiscal year 2014 and 2015. Because locally imposed optional taxes often change during a fiscal year, an accurate comparison should only use the state-imposed 4% taxes to reflect changes in taxable sales over time.

Twelve of the fifteen NAICS super sectors realized decreases

from fiscal year 2015 levels. Use tax collections usually fluctuate considerably from one year to another in many sectors. A single large mining or construction project may make a big difference in use tax collections. Unlike collections for sales taxes, which are usually dominated by the retail trade, and leisure & hospitality sectors, it is the goods-producing industries such as mining, construction, and the public administration sector that typically cover a large portion of the use tax collections. Use tax collections reported in the public administration sector were primarily comprised of taxes generated through automobile purchases made out of the state.

Use tax collections in utilities and construction industries increased 23.2 percent and 12.9 percent, respectively, between fiscal year 2015 and 2016. Mining, wholesale trade, retail

trade, professional & business services, and other services all showed significant decreases of at least 30.0 percent, each. However, it was the mining industry that recorded the largest decrease in terms of absolute amount, and it alone contributed over the two-thirds of total use tax decline.

Total use tax collections for nine of Wyoming's counties in fiscal year 2016 increased from the previous year's levels. The most substantial growth was in Weston (66.2%), which was mainly attributed to equipment updates and expansion in the manufacturing industry. Albany, Johnson, Lincoln, and Sheridan counties also experienced double-digit increases in use tax collections, respectively.

Use tax collections decreased in fourteen counties. The most substantial declines occurred in Natrona (-52.1%), Sublette (-45.8%), and Fremont (-44.9%) counties. Campbell, Hot Springs, Park, and Platte counties also bore around a 30.0 percent drop in fiscal year 2016. The reduction in mineral extraction activities was solely responsible for the steep contractions. The rate of change in statewide 4% use tax collections over the past twelve years can be found on page 49. The map on page 46 shows the percent change in the state imposed 4 percent use tax collections by county between fiscal years 2015 and 2016.

STATE USE TAX COLLECTIONS*

FISCAL YEAR 2005 THROUGH FISCAL YEAR 2016

Year	USE TAX	% CHANGE
Fiscal 2005	\$49,322,389	11.4%

SECTION IV

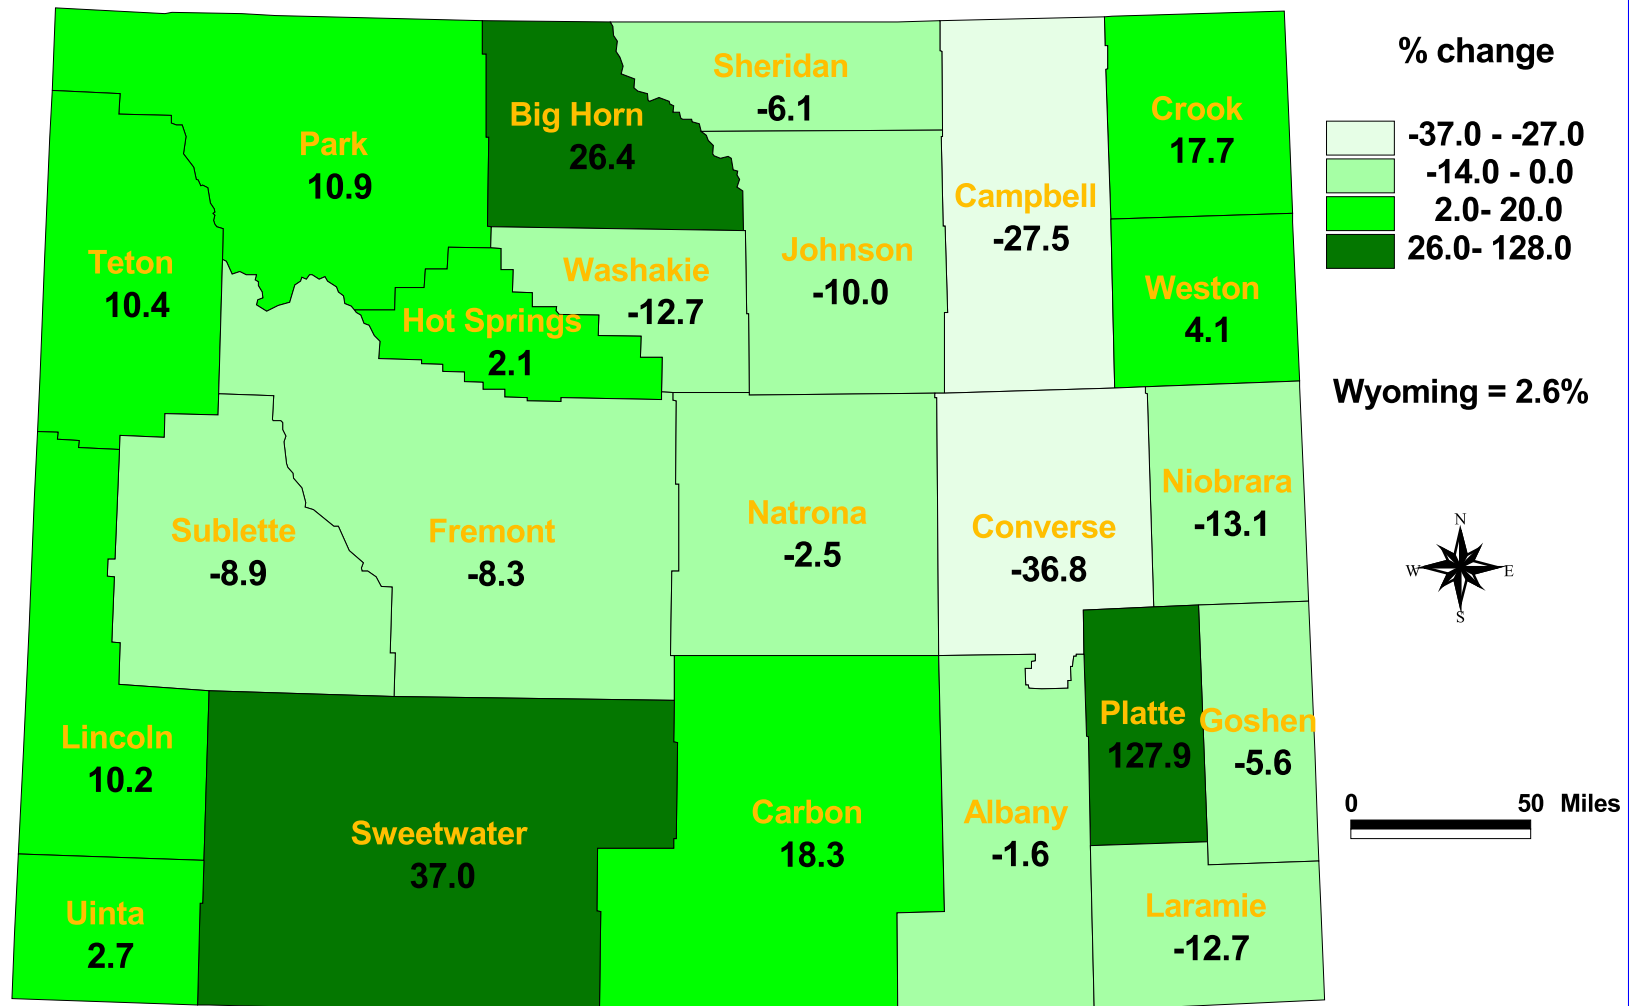

LODGING TAX COLLECTIONS

* Lodging tax imposition in Teton County was revoked on July 1, 1996, but resumed on April 1, 2011.

Source: Wyoming Department of Revenue

Percent Change in Lodging Tax Collections by County: FY2015 - FY2016

SUMMARY OF LODGING TAX COLLECTIONS

Total lodging tax collections, at \$17.7 million for fiscal year 2016, were up slightly from the \$17.2 million collected in the previous year, or 2.6 percent. However, part of the increase was attributed to changes in lodging tax rate. Due to lodging tax rate change from 2 percent in Guernsey town to 3 percent countywide on January 1, 2015, the collections in Platte County for fiscal year 2016 was more than double as much as the amount in the prior year. Greybull in Big Horn County, Natrona, and Sweetwater counties all increased their tax rates by 1 percentage point on April 1, 2016. As a result, the lodging tax collections increased 26.4 percent in Big Horn and 37.0 percent in Sweetwater counties from fiscal year 2015 to 2016. For all other counties, Carbon, Crook, Lincoln, Park, and Teton demonstrated double-digit growth rates, respectively.

After fifteen years of suspension, the lodging tax (2%) in Teton County resumed on April 1, 2011. Lodging tax collections in this tourism oriented county, the highest in the state, grew 10.4 percent from fiscal year 2015 to fiscal year 2016.

Twelve counties experienced declines, with Campbell and Converse recorded the most at -27.5 and -36.8 percent, each, in lodging tax collections during the period.

The map in page 64 shows the percent change in lodging tax collections by county between fiscal years 2015 and 2016.

GLOSSARY

North American Industry Classification System (NAICS)

11 Agriculture, Forestry, Fishing and Hunting: The Agriculture, Forestry, Fishing and Hunting sector comprises establishments primarily engaged in growing crops, raising animals, harvesting timber, and harvesting fish and other animals from a farm, ranch, or their natural habitats.

21 Mining, Quarrying, and Oil and Gas Extraction: The Mining sector comprises establishments that extract naturally occurring mineral solids, such as coal and ores; liquid minerals, such as crude petroleum; and gases, such as natural gas. The term mining is used in the broad sense to include quarrying, well operations, beneficiating (e.g., crushing, screening, washing, and flotation), and other preparation customarily performed at the mine site, or as a part of mining activity.

22 Utilities: The Utilities sector comprises establishments engaged in the provision of the following utility services: electric power, natural gas, steam supply, water supply, and sewage removal. Within this sector, the specific activities associated with the utility services provided vary by utility: electric power includes generation, transmission, and distribution; natural gas includes distribution; steam supply includes provision and/or distribution; water supply includes treatment and distribution; and sewage removal includes collection, treatment, and disposal of waste through sewer systems and sewage treatment facilities.

23 Construction: The construction sector comprises establishments primarily engaged in the construction of buildings or engineering projects (e.g., highways and utility systems). Establishments primarily engaged in the preparation of sites for new construction and establishments primarily engaged in subdividing land for sale as building sites also are included in this sector.

31-33 Manufacturing: The Manufacturing sector comprises establishments engaged in the mechanical, physical, or chemical transformation of materials, substances, or components into new products. The assembling of component parts of manufactured products is considered manufacturing, except in cases where the activity is appropriately classified in Sector 23, Construction.

42 Wholesale Trade: The Wholesale Trade sector comprises establishments engaged in wholesaling merchandise, generally without transformation, and rendering services incidental to the sale of merchandise. The merchandise described in this sector includes the outputs of agriculture, mining, manufacturing, and certain information industries, such as publishing.

44-45 Retail Trade: The Retail Trade sector comprises establishments engaged in retailing merchandise, generally without transformation, and rendering services incidental to the sale of merchandise. The retailing process is the final step in the distribution of merchandise; retailers are, therefore, organized to sell merchandise in small quantities to the general public. This sector comprises two main types of retailers: store and nonstore retailers.

48-49 Transportation and Warehousing: The Transportation and Warehousing sector includes industries providing transportation of passengers and cargo, warehousing and storage for goods, scenic and sightseeing transportation, and support activities related to modes of transportation. Establishments in these industries use transportation equipment or transportation related facilities as a productive asset. The type of equipment depends on the mode of transportation. The modes of transportation are air, rail, water, road, and pipeline.

51 Information: The Information sector comprises establishments engaged in the following processes: (a) producing and distributing information and cultural products, (b) providing the means to transmit or distribute these products as well as data or communications, and (c) processing data.

52 Finance and Insurance: The Finance and Insurance sector comprises establishments primarily engaged in financial transactions (transactions involving the creation, liquidation, or change in ownership of financial assets) and/or in facilitating financial transactions.

53 Real Estate and Rental and Leasing: The Real Estate and Rental and Leasing sector comprises establishments primarily engaged in renting, leasing, or otherwise allowing the use of tangible or intangible assets, and establishments providing related services. The major portion of this sector comprises establishments that rent, lease, or otherwise allow the use of their own assets by others. The assets may be tangible, as is the case of real estate and equipment, or intangible, as is the case with patents and trademarks.

54 Professional, Scientific, and Technical Services: The Professional, Scientific, and Technical Services sector comprises establishments that specialize in performing professional, scientific, and technical activities for others. These activities require a high degree of expertise and training. The establishments in this sector specialize according to expertise and provide these services to clients in a variety of industries and, in some cases, to households. Activities performed include: legal advice and representation; accounting, bookkeeping, and payroll services; architectural, engineering, and specialized design services; computer services; consulting services; research services; advertising services; photographic services; translation and interpretation services; veterinary services; and other professional, scientific, and technical services.

55 Management of Companies and Enterprises: The Management of Companies and Enterprises sector comprises (1) establishments that hold the securities of (or other equity interests in) companies and enterprises for the purpose of owning a controlling interest or influencing management decisions or (2) establishments (except government establishments) that administer, oversee, and manage establishments of the company or enterprise and that normally undertake the strategic or organizational planning and decision-making role of the company or enterprise. Establishments that administer, oversee, and manage may hold the securities of the company or enterprise.

56 Administrative and Support and Waste Management and Remediation Services: The Administrative and Support and Waste Management and Remediation Services sector comprises establishments performing routine support activities for the day-to-day operations of other organizations. These essential activities are often undertaken in-house by establishments in many

sectors of the economy. The establishments in this sector specialize in one or more of these support activities and provide these services to clients in a variety of industries and, in some cases, to households. Activities performed include: office administration, hiring and placing of personnel, document preparation and similar clerical services, solicitation, collection, security and surveillance services, cleaning, and waste disposal services.

61 Educational Services: The Educational Services sector comprises establishments that provide instruction and training in a wide variety of subjects. This instruction and training is provided by specialized establishments, such as schools, colleges, universities, and training centers. These establishments may be privately owned and operated for profit or not for profit, or they may be publicly owned and operated. They may also offer food and accommodation services to their students.

62 Health Care and Social Assistance: The Health Care and Social Assistance sector comprises establishments providing health care and social assistance for individuals. The sector includes both health care and social assistance because it is sometimes difficult to distinguish between the boundaries of these two activities. The industries in this sector are arranged on a continuum starting with those establishments providing medical care exclusively, continuing with those providing health care and social assistance, and finally finishing with those providing only social assistance. The services provided by establishments in this sector are delivered by trained professionals. All industries in the sector share this commonality of process, namely, labor inputs of health practitioners or social workers with the requisite expertise. Many of the industries in the sector are defined based on the educational degree held by the practitioners included in the industry.

71 Arts, Entertainment, and Recreation: The Arts, Entertainment, and Recreation sector includes a wide range of establishments that operate facilities or provide services to meet varied cultural, entertainment, and recreational interests of their patrons. This sector comprises (1) establishments that are involved in producing, promoting, or participating in live performances, events, or exhibits intended for public viewing; (2) establishments that preserve and exhibit objects and sites of historical, cultural, or educational interest; and (3) establishments that operate facilities or provide services that enable patrons to participate in recreational activities or pursue amusement, hobby, and leisure-time interests.

72 Accommodation and Food Services: The Accommodation and Food Services sector comprises establishments providing customers with lodging and/or preparing meals, snacks, and beverages for immediate consumption. The sector includes both accommodation and food services establishments because the two activities are often combined at the same establishment.

81 Other Services (except Public Administration): The Other Services (except Public Administration) sector comprises establishments engaged in providing services not specifically provided for elsewhere in the classification system. Establishments in this sector are primarily engaged in activities, such as equipment and machinery repairing, promoting or administering religious activities, grant making, advocacy, and providing dry-cleaning and laundry services, personal care services, death care services, pet care services, photofinishing services, temporary parking services, and dating services.

92 Public Administration: The Public Administration sector consists of establishments of federal, state, and local government agencies that administer, oversee, and manage public programs and have executive, legislative, or judicial authority over other institutions within a given area. These agencies also set policy, create laws, adjudicate civil and criminal legal cases, provide for public safety and for national defense. In general, government establishments in the Public Administration sector oversee governmental programs and activities that are not performed by private establishments. Establishments in this sector typically are engaged in the organization and financing of the production of public goods and services, most of which are provided for free or at prices that are not economically significant.

For this report, a few industries are combinations of the original NAICS sectors described above with the following commonly adopted names:

Financial Activities: Finance and Insurance (52) + Real Estate and Rental and Leasing (53).

Professional & Business Services: Professional, Scientific, and Technical Services (54) + Management of Companies and Enterprises (55) + Administrative and Support and Waste Management and Remediation Services (56).

Educational & Health Services: Educational Services (61) + Health Care and Social Assistance (62).

Leisure & Hospitality: Arts, Entertainment, and Recreation (71) + Accommodation and Food Services (72).

A detailed lists of 2012 NAICS codes (with links to definitions) may be accessed from the U.S. Census Bureau's website at: <http://www.census.gov/>
