## Wyoming Cost of Living Index for the Fourth Quarter of 2013

---

### Annual Statewide Inflation was 2.9%

CHEYENNE – The State of Wyoming, Economic Analysis Division reported that Wyoming experienced a 2.9% increase in annual (**All Items**) inflation from the fourth quarter of 2012 to the fourth quarter of 2013. Inflation is measured over six consumer categories. Annual inflation rates by consumer category for the fourth quarter 2013: Medical (4.9%), Housing (3.6%), Transportation (3.3%), Apparel (2.9%), Recreation & Personal Care (0.7%), and Food (0.4%).

All five regions in the State had increases in annual **All Items** inflation in the fourth quarter of 2013. The Southeast region recorded the highest annual increase (3.4%) followed by Northwest (3.0%), Central (2.9%), Northeast (2.7%), and Southwest (1.9%).

WCLI inflation is measured over the year (annual) and represents the percent change in the price level of a standard basket of selected consumer items priced in the fourth quarter of 2013, compared with the price level of the same goods recorded one year ago (fourth quarter of 2012).

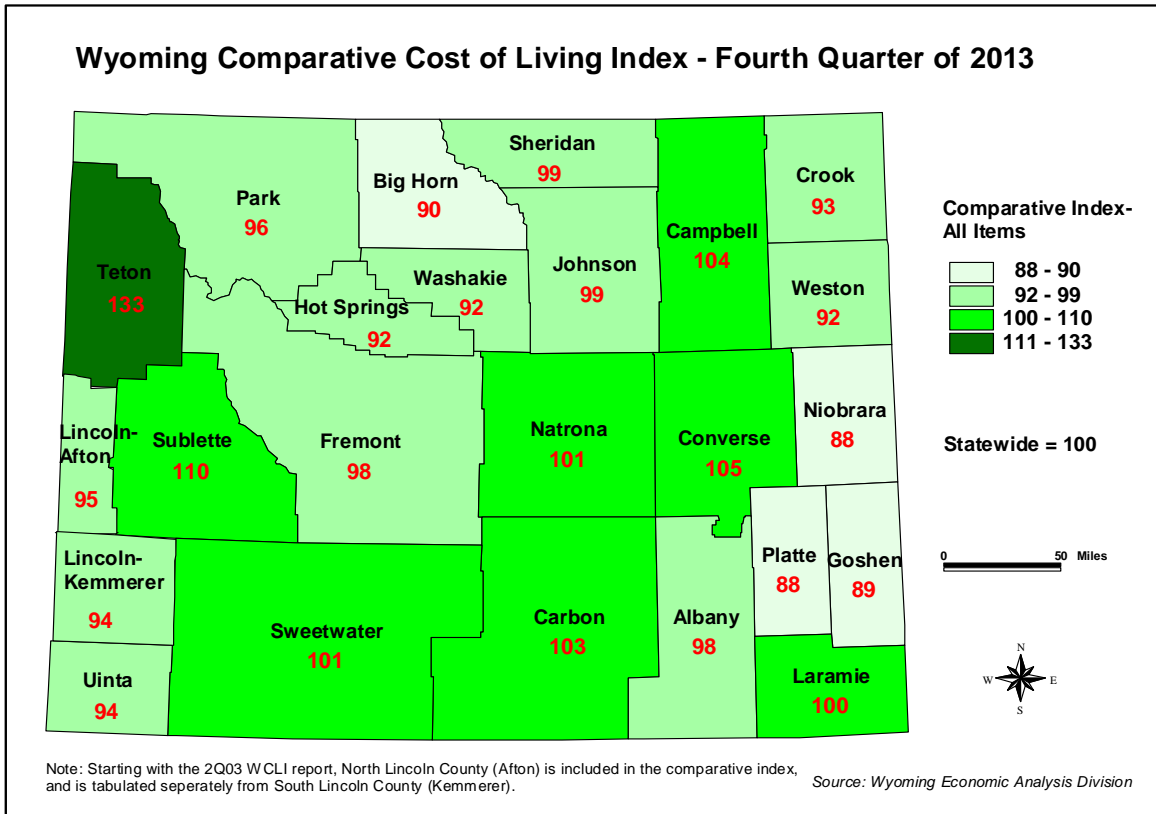

The Comparative Cost of Living Index compares each county's price level to the statewide average (100) during the one particular time period, the fourth quarter of 2013. The Comparative Cost of Living Index ranked Teton (133) as the county with the highest **All Items** value in the fourth quarter of 2013, which means that the cost of living in Teton County was estimated 33% higher than the statewide average in the fourth quarter of 2013. The **Housing** category carries the largest weight in a consumer's budget and typically drives the overall Comparative Cost of Living Index values.

Counties with lower **All Items** Comparative Cost of Living Index values in the fourth quarter of 2013 included Platte (88), Niobrara (88), and Goshen (89). These counties have small, rural populations and typically show lower **All Items** Comparative Cost of Living Index values.

Comparative Cost of Living Index values for all counties in Wyoming are listed in Table 1 on page 4. Movement in ranking from a previous survey does not indicate that the price level has increased or decreased in a particular county. Instead, these values reflect relative price levels in each county, *at the time of data collection*, compared with the statewide average of 100.

Comparative Cost of Living Index data were also produced by consumer category for every

county. Counties with **Housing** category index values above the statewide average in the fourth quarter of 2013 included Teton (158), Sublette (111), Converse (109), Campbell (107), Natrona (105), Laramie (104), Sweetwater (104), and Carbon (102).

### Survey Methodology

The fourth quarter of 2013 Wyoming Cost of Living Index (WCLI) is a summarization of price data collected in twenty-eight cities and towns throughout Wyoming over the period of January 8-10, 2014. The price data collected are used to build a Comparative Cost of Living Index by county and to estimate overall inflation rates for Wyoming and the five designated regions of the State. The WCLI consists of two parts, the Comparative Cost of Living Index which compares each county's cost of living in one period, and inflation which measures year-over-year change (annual). A map of the 28 cities where price data were collected is on page 5.

Communities across the State are included in the WCLI based on the following criteria: First, the largest city or town in each county is priced; additionally, prices are collected in any city or town with populations greater than 5,000 or in cases of cities or towns having at least 80% of a county's largest community's population. In counties where only one community was priced, those prices were used to represent the entire county. In counties where two communities were priced, a population weighted average of the prices for the two communities was used for the entire county. Also, starting with the second quarter 2003 WCLI report, Afton, in Lincoln County, was added as a sampling point through legislative action in 2003. Kemmerer is still priced. Afton and Kemmerer report separate Comparative Cost of Living Index numbers.

Beginning with the second quarter of 2004, Afton, has been included in the inflation calculations.

The 140 items surveyed were aggregated into six categories, which were then weighted using item weights from the U.S. Bureau of Labor Statistics (BLS), Consumer Price Index (CPI-U), reflective of their overall importance in the average consumer's budget. These categories, and their respective weight components, include Housing (47.4%), Transportation (16.8%), Food (14.3%), Recreation & Personal Care (9.3%), Medical (7.5%), and Apparel (4.7%)<sup>1</sup>.

The data were weighted by population to produce an overall, statewide inflation rate, 2.9% in the fourth quarter of 2013. Nationally, the inflation rate from December 2012 to December 2013 was 1.5% (CPI-U), as reported by the U.S. BLS in the Consumer Price Index.

**The Division wishes to extend its sincere appreciation to all of the businesses and individuals whose cooperation and assistance made this survey possible.**

The WCLI is available on the Division's homepage at <http://eadiv.state.wy.us>. For additional information about the survey, please contact the Division, phone: (307) 777-7504 or email: [ai-ead-info@wyo.gov](mailto:ai-ead-info@wyo.gov).

---

<sup>1</sup> Total may not add to 100.0 due to rounding.

4Q13	1.5	2.9	3.4	1.9	2.9	2.7	3.0

Note: The 2Q99 inflation calculations mark the first time the WCLI used all 23 counties to calculate the inflation rates.

Previously, only 15 counties were used. Starting with the 2Q04 report, the inflation numbers include Lincoln-Afton.

\* 4th Quarter represents the December to December and 2nd Quarter represents the June to June percent change in the US CPI-U.

**Regional Composition for Inflation Estimate:**

- Southeast: Albany, Carbon, Goshen, Laramie, Niobrara, and Platte counties.
- Southwest: Lincoln-Kemmerer, Lincoln-Afton, Sublette, Sweetwater, and Uinta counties.
- Central: Converse, Fremont, and Natrona counties.
- Northeast: Campbell, Crook, Johnson, Sheridan, and Weston counties.
- Northwest: Big Horn, Hot Springs, Park, Teton, and Washakie counties.

# Surveyed Communities and WCLI Regions

## WCLI Regions

- Southeast: Albany, Carbon, Goshen, Laramie, Niobrara, and Platte
- Southwest: Lincoln (Kemmerer), Lincoln (Afton), Sublette, Sweetwater, and Uinta
- Central: Converse, Fremont, and Natrona
- Northeast: Campbell, Crook, Johnson, Sheridan, and Weston
- Northwest: Big Horn, Hot Springs, Park, Teton, and Washakie

Note: Starting with the 2Q03 WCLI report, North Lincoln County (Afton) is included in the comparative index, and is tabulated separately from South Lincoln County (Kemmerer).
